CLIMATE RESILIENT SCHOOLS

Working with up to 100 schools

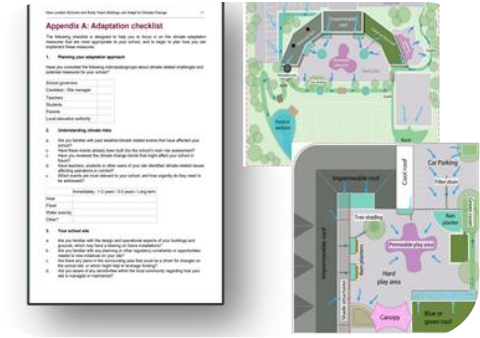

SuDS Rain planters at the
end of downpipes

Thames Water Smarter
Business Visits to improve
water efficiency

Climate adaptation
education resources linked
to monitoring of the SuDS
rain planters

Be-spoke climate
adaptation plans

GREEN AND RESILIENT SPACES

Large scale, innovative enhancements to green and blue spaces

Haringey – Chestnut Park Rainscape Masterplan

This project aims to create new wetlands and swales to help with drainage issues, which will also help tackle flooding downstream.

Hillingdon – Green Blue You

A series of inter-linked projects across the Pinkwell ward, it aims to reduce flood risk and alleviate pollution to water courses, improving and creating habitats.

Lambeth Bee Roads

Ten miles of green highways for bees, butterflies and other pollinators. It also help better manage rainwater through SuDS, improve walking routes, and create natural play opportunities.
