Query

This is a follow-up to the recent query submitted, 'SER012' regarding the Gate 3 submission costs for SESRO.

Thank you for your response and filling out the 'Expenditure by AMP template' excel sheet. However, in your attachment the 'Expenditure Profile by AMP' tab is missing, which is information we require as part of our analysis. In addition to this, we also note that the template submitted is an older version.

Please re-submit your costs for SESRO ensuring that both the 'Development Expenditure by AMP' and 'Expenditure Profile by AMP' tabs are completed using the template we have attached. We will attach the template again alongside this query.

Solution owner response

Please find the updated template attached to this submission.

Please note that the costs in the submission are for forecast purposes only and illustrate activities required based on Gate 3 schedule. As the costs have increased, we will be engaging with RAPID on the cost change process and funding separately at a later date.
