Query

Query for Southern:

In your response to query SER001 you say that a memorandum of understanding has been drafted with Thames Water to provide alignment of the security measures to be implemented.

Please provide a copy of the memorandum of understanding, which had been drafted with Thames. Please also provide a timescale for which this will be finalised.

Solution owner response

The memorandum of understanding between SWS and TWUL, to provide alignment of the security measures, is in its final stages of quality assurance. Once completed, agreement will need to be obtained from both SWS and TWUL to share the document to RAPID. This is expected to be in place ahead of SESRO SIPR Stage 3a submission.
